CHRISTMAS MAIL HEAVY

The outgoing mail from Tonopah this morning required 123 sacks of standard size in which to stow it away. There does not appear to be any dearth of prosperity in the city, judging from the quantities of Christmas mail that is being sent forward each day. The forces of Postmaster McQuillen are working to the limit in an endeavor to see that all incoming mail is sorted rapidly, so that each recipient of a holiday greeting will be afforded an early opportunity of inspecting his gifts.

NOTICE TO LIGHT AND POWER CUSTOMERS

There will be a general interruption to light and power service in the Nevada District between the hours of 9 a. m. and 10 a. m. on Christmas Day in order to make necessary repairs to Substation equipment.

CATCHY ADVERTISEMENT

In the issue of the Bonanza today appears one of the most attractive ads ever carried by a banking institution. It drives home the fact that the man of even moderate means should transact his business by the checking system, and the Nevada First National Bank of Tonopah, happily hits the nail on the head in the cartoon advertisement.

TELEPHONE COURTESY WINS

A generic term applied to telephone practice "Courtesy" covers a great many things. Were Lord Chesterfield living in this telephone age he would undoubtedly enlarge upon the importance of telephone courtesy in his famous letters to his son.

Telephone courtesy not only includes common politeness but reasonable consideration for the convenience of others. It gives a pleasing blend to all business intercourse. The late Andrew Carnegie commenting upon the retirement of one of America's leading business men once said:

"This young man actually sweetened social business dealings by the amiability of his manners." It's the edge with the smile that wins. Adv.

MILL SUPERINTENDENT NINNIS IMPROVING

Frederic Ninnis, superintendent of the West End mill, who has been confined to his bed for the past ten days by illness, was today reported, by his physician, as on the improve and will be able to be about and attend to his duties early next week. This is gratifying news to the many friends of Mr. Ninnis.

You want your wife, husband, children, friend, doctor, lawyer, preacher, grocer, butcher, baker, or candystick-maker:—

Why you reach for your telephone

When Alexander Graham Bell took the first model of a telephone to the Centennial at Philadelphia those in charge of the mechanics building exhibit put him off in an obscure corner with his "plaything."

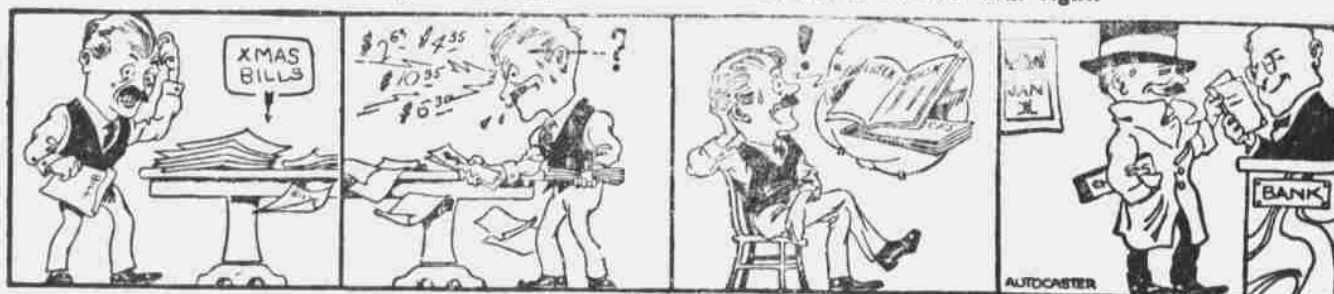

Today—every branch of industry in our national life hinges its efficiency on the telephone.

Home life too. Its comforts and time-saving qualities make it indispensable.—"TALK WITH US."

John D. Worry has an idea—

So starts the New Year right.

John D. Worry faced the usual Xmas aftermath of bills, bills, bills and more bills.

John D. got mad. He knew there were "paid" bills there—but for the life of him he couldn't remember where he placed the receipts.

In calm reflection, John D. figured it out—that a checking account at the bank—and a return of cancelled checks each month would eliminate much trouble.

So he came here to open an account. When we asked his name, he said: "John D. Worry—the D. stands for Don't—Yes, make it read—John Don't Worry—now."
